Sangria

THE SPANISH DRINK

SPANISH

ANITA

Sangria is a classic
at all Spanish parties...

and is used as an appetizer or as a drink to accompany a meal. Sangria has always been made at home to welcome our guests. The recipe seems simple, with few main ingredients, but it is an art to be able to serve it at its optimum point of alcohol, flavor and temperature.

With our Sangria you will have a product obtained from the best Spanish red wine and you just have to put it in the fridge before enjoying (you can also drink it on the rocks).

You can customize your recipe with our Sangria. For example:

Recipe 1 (lighter):

- Add Cava/Sparkling wine
- Pieces of fruit: Melon, Peach, Orange, Watermelon...
- Add ice

Recipe 2 (with more alcohol):

- Add Gin or Vodka
- Add a little fizzy drink

Recipe 3 (the most Spanish):

- Add Brandy or Cognac (orange liqueur is also suitable).
- Add orange pieces
